Hello and welcome to the Pine Coulee Bulls Annual Bull Sale. It is my pleasure to assist the Stampfel and Carrel families with their marketing needs. Ron Frye Marketing is available to answer any questions potential buyers may have about the bulls prior to the sale. I will also be available sale day to assist buyers that are not able to attend the sale in person with the purchase of the Pine Coulee offering. The cattle and families will not disappoint as they have brought you another outstanding set of bulls. We look forward to working with Pine Coulee Bulls and their commitment to serving the cattleman one bull at a time, while building relationships for generation's one customer at a time.

Thank you and see you sale day!

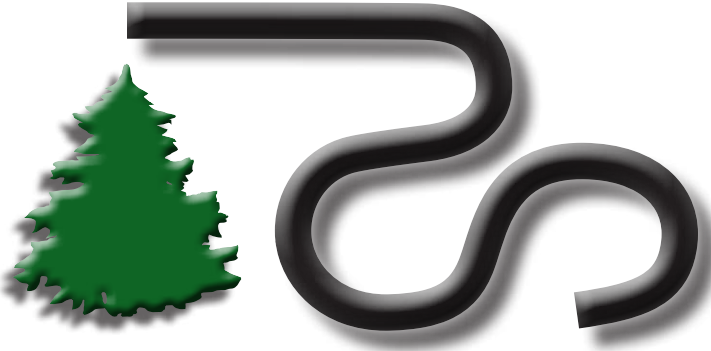

All the best,

Ron Frye

PINE COULEE BULLS, LLC.

WELCOME TO THE 2019 BULL SALE

Fellow Cattlemen,

The Stampfel and Carrel families would like to welcome you to our annual Bull Sale.

We have performance tested, semen tested, freeze branded, BVD tested and poured and footrot vaccinated the bulls for your convenience. Every bull in our sale has been DNA tested for parentage. We believe this is one of the deepest, most uniform sets of bulls we have offered to date. This offering represents the top 48% of the 2018 bull calf crop.

We have reduced the number of AI Sires and herd sires used to better facilitate larger sire groups of half brothers. Our embryo program has enabled us to offer some sizeable groups of full brothers. All bulls are free of any known genetic defects.

We spend a lot of time researching sires in an effort to use genetics that fit our environment. We strive to keep our bulls fit and sound and not fed to excess. We appreciate bulls with the ability to maximize available forage while producing a product that will push down the scale. Our bulls have been developed on a high roughage, growing ration to keep them as functional as possible. This year we reduced our target gain to help implement this. We believe bull longevity is as important as cow longevity.

At Pine Coulee we are strong believers in the power of the cow. We are rigid in our culling practices with utmost attention to feet, leg and udder quality. This certainly helps us in our arid, rough environment and believe it will help you too.

Our sincere belief that a serious working relationship between the seedstock and commercial producers, at the grass roots level, is an important step to ensure longevity and profitability for both parties.

The Stampfel and Carrel families look forward to a long standing relationship with your operation and appreciate the time you have taken to attend our Bull Sale.

HOW TO READ THE PERFORMANCE DATA INFORMATION

**AVERAGE
ADG WDA**
3.08 3.01
**EPD & Dollar
values
taken from
2/01/2019**

BW, WW, YW, EPD's are the estimate of how the animal's future progeny are expected to perform, expressed in pounds.

Dollar W is a selection index, expressed in dollars per head to assist beef producers by adding simplicity to genetic selections.

Feedlot Value (\$F) an index value expressed in dollars per head, is the expected average difference in future progeny performance for post weaning merit compared to progeny of other sires

Grid Value (\$G) an index value expressed in dollars per head, is the expected average difference in future progeny performance for carcass grid merit compared to progeny of other sires.

Weight adjusted to 205 days of age by breed computations.

Adjusted Yearling weight to 365 days adjusted and ratioed by breed computation.

Weaning ratio in contemporary groups.

Calving Ease Direct is the difference in percentage of unassisted births when a sire is bred to first calf heifers. A higher number is desirable.

\$F	\$W
29.16	30.08
\$G	\$B
19.89	42.41

Beef Value (\$B) an index value expressed in dollars per head, is the expected average difference in future progeny performance for post weaning and carcass value compared to progeny of other sires.

Individual Performance						Interm EPD's			
CED	BW	WW	Ratio	YW	Ratio	BW	WW	YW	MILK
10	75	740	104	1260	109	+2.4	+61	+101	+25
MB:	.50	REA:	.54	FAT:	.056	\$EN:	-12.58	Actual SC	36.5
Projected Sale Day Wt:				1244	ADG:	3.27	WDA:	3.13	

Bulls we feel are safe to use on heifers will have the BW offset.

Projected Sale Day Weight is calculated by adding the ADG times 37 days to the 2/02/19 weight.

Average Daily Gain on test from 10/03/18 to 2/02/19.

Weight per day of age as of 2/02/19.

Actual circumference expressed in centimeters.

Milk EPD is the estimate of the animal's genetic merit for milk. In a bull, the Milk EPD should be expressed in pounds of daughter's progeny weaning weight attributed to milk and mothering ability.

PINE COULEE EVER ENTENSE X64

Dam of Lots 12, 13 and 27

A pair of ET sons out of one of our top cows. X64 has a tremendous rib, excellent feet, and is a great producer. The flush sisters to Lots 12 and 13 are at the top of our replacement pen.

This bull has a great set of numbers and should work well on heifers. He is very long, well balanced and has a bit more frame than most 316 sons. His dam has BR 8@102 and WR 8@106. We retained a maternal brother a couple years ago, D312, to use in our own herd.

Pine Coulee Cattleman F300 has a tremendous spring of rib, square hip, and natural width throughout. He hit the ground at 69 lbs and his genomic data suggests that he should work well on heifers. He is moderate in frame with a fantastic disposition. He carries himself with a herd bull presence with plenty of eye appeal. His Pathfinder dam is an up and coming donor from the great Everelda Entense family and her first son was at the top of our 2016 bull sale. This bull will leave a lasting positive impact on your herd.

PINE COULEE RENOWN F333

Sells as Lot 43

Lot 42 and Lot 43. Another outstanding pair of full brothers. If you want consistency in your herd consider using full brothers out of a really good cow. Lot 43 may be the thickest, widest based bull in the offering yet his genomic data suggests he could be a heifer bull. He's square built, very balanced and has the pedigree to prove that it's not luck. His dam has been a top donor for us. She is also the granddam of Lot 18, Pine Coulee Cattleman F300.

Dam's WR: 4/99

Build the best set of cows you can and your calves will sell at the top of the market. That is why we purchased Maymont Deacon. They make beautiful, productive cows. The Lot 53 bull fits the mold and will sire the type of daughters we strive for. The dam has almost a perfect udder, very good feet, big hiped, and is coal black. You will not be giving up any growth potential with this bull as he had weaning ratio of 111 and a yearling ratio of 112. Beautiful cows are of little value unless their calves grow.

MAYMONT DEACON 2127

Sire of Lots 52, 53, 54, 56, 112, 113, 114, 153, and 154

F321 was at the very top of the performance chart during our 120 day test. He stands out in the pen with his power and flawless phenotype. His sire was a Resource son that we retained for use in our own herd because of his power and phenotype. He hasn't disappointed. F321's dam has WR 8@103 and consistently has one of the top calves. She currently has her 9th calf at side and has never missed.

**PINE COULEE CAPITALIST F325**

Sells as Lot 69

Pine Coulee Capitalist F325 is a moderate framed bull but still packs plenty of punch. Thick through the hind quarter and wide based. His outstanding dam is 14 years old with her 13th calf at side. She looks half her age. F325 has the capacity and width to make top daughters. He carries himself with a herd bull presence and will only get better with age.

Seven full bothers that will produce consistency and power in your calf crop. The dam was bred at Indreland Angus and has been a donor for Jocko Valley Angus also. She has WR 7@108. Very good feet and a near perfect udder even at her age. Take a close look at these ET brothers. They will hold up in big rough country and produce calves that will do the same.

Dam's WR: 9/104 YR: 5/100

Pine Coulee Capitalist F317 should be a calving ease specialist according to his genomic data. He is smooth made and longer made. His never-miss dam has BR 8@98, WR 9@104 and is square hipped and nice uddered.

A high CED 316 son that ratio'd 114 off the cow and didn't quit. He ratio'd 116 at yearling. We've been very happy with what the 316 bull has done and F389 is a very good example. They seem to have good feet, plenty of muscle, and the width and capacity that is needed.

Dam's WR: 3/98 Full brother to Lot 116

The Lot 115 Cowboy Up son is an impressive individual. He is well-designed with plenty of thickness and rib capacity. He has a square hip and a big foot. His extra style he gets from his dam, who was sold to JC Ranch in Arkansas as a feature in the 2017 Ladies of the Beartooths sale.

F399 started out at 78 lbs and ratio'd 110 at weaning. He is long made and complete. He moves like an athlete while carrying himself with a herd bull presence. He is right near the top in the performance department with a WDA of 3.30 and had the 2nd highest ADG on test. This bull is a powerhouse while carrying a flat "0" BW EPD.

Thank You for coming to the sale!
The Stampfel and Carrel Families

Ag is constantly evolving. So are we.

The businesses we finance – in farming, ranching, forestry and fishing – are ever changing. We embrace agriculture's dynamic nature and operate on the leading edge, interpreting trends, pitfalls and opportunities. When it comes to managing change, we're right there with you.

NOTES

NOTES

Sale Terms and Conditions

The auctioneer in charge will settle any disputes as to bids, and his decision on such matters shall be final.

Terms of the sale are cash. The bulls offered for sale are sold under the terms and guarantees recommended by the American Angus Association, with reference to health, freedom from defects, and from both reproductive and specific genetic unsoundness. The recommended refund or adjustments will be made in case animals fail to live up to seller's guarantees. All bulls listed in this catalog are guaranteed to be breeders if not allowed to run with the herd until at least 14 months of age, and if not subjected to gross negligence by the purchaser.

Each bull becomes the risk of the purchaser as soon as sold; but it shall be the obligation of the seller to see that animals are fed and cared for free of charge to purchaser, until loaded for shipment. Insurance will be available sale day by a bonded livestock insurance broker if you should so desire. It is recommended that insurance be obtained for bulls purchased.

HEALTH

All bulls are fertility tested and examined for total functional soundness by Rick Maage and Betsy Bialon of Sugar Factory Vet Hardin, Montana.

All bulls sell guaranteed to be eligible for shipment to any state in the Continental U.S.

At Pine Coulee Angus, herd health concepts are always being evaluated and modified as new products, situations and needs arise. The whole Pine Coulee Angus herd is routinely immunized against the following infectious diseases: BVD, IBR, PI3, BRSV viral diseases, Clostridial infection (8-way), H. somnus, Vibriosis and Leptospirosis as well as the use of the newest broad spectrum dewormers on a rotation program. Breeding age females on the ranch are official calfhood vaccinates for Brucellosis. The goal of the program is to prevent unnecessary health problems in our herd and ultimately yours.

Virgin yearling and two year old bulls have not been exposed to any females.

FREE DELIVERY

Pine Coulee Bulls will deliver, free of charge for the first 500 miles and at cost after 500 miles. If you are unable to attend the Pine Coulee Bull Sale, you may send bids to the auctioneer, representatives or to Pine Coulee Bulls directly. If you choose Pine Coulee Bulls to make your sight unseen purchase for you, we unconditionally guarantee your satisfaction at delivery time.

BOARDING

Free boarding up to May 1st, 2019.

TERMS

- CED** - Calving Ease Direct is the difference in percentage of unassisted births when a sire is bred to first calf heifers. A higher number is desirable.
- B.W.** - Birth Weight
- W.W.** - Adjusted 205-day weight
All weaning weights have been adjusted by or in accordance with breed association calculations and ratioed in various contemporary groups.
- Y.W.** - Adjusted 365-day weight
All yearling weights have been adjusted and ratioed in accordance with breed association calculations and ratioed in contemporary groups.
- S.C.** - Scrotal Circumference taken by licensed veterinarians, expressed in actual centimeters.
- Proj. Sale Day Weight** - Projected sale day weight is calculated adding the ADG times 36 days to the 2/02/19 weights.

**All persons who attend the sale do so at their own risk.
Pine Coulee Bulls assume no liability, legal or otherwise
for any accidents which may occur.**
