Hello and welcome to the Pine Coulee Bulls Annual Bull Sale. It is my pleasure to assist the Stampfel and Carrel families with their marketing needs. Ron Frye Marketing is available to answer any questions potential buyers may have about the bulls prior to the sale. I will also be available sale day to assist buyers that are not able to attend the sale in person with the purchase of the Pine Coulee offering. The cattle and families will not disappoint as they have brought you another outstanding set of bulls. We look forward to working with Pine Coulee Bulls and their commitment to serving the cattleman one bull at a time, while building relationships for generation's one customer at a time.

Thank you and see you sale day!

All the best,

Ron Frye

PINE COULEE BULLS, LLC.

WELCOME TO THE 2020 BULL SALE

Fellow Cattlemen,

The Stampfel and Carrel families would like to welcome you to our annual Bull Sale.

We have performance tested, semen tested, freeze branded, BVD tested and poured and footrot vaccinated the bulls for your convenience. Every bull in our sale has been DNA tested for parentage. We believe this is one of the deepest, most uniform sets of bulls we have offered to date. This offering represents the top 52% of the 2019 bull calf crop.

We have reduced the number of AI Sires and herd sires used to better facilitate larger sire groups of half brothers. Our embryo program has enabled us to offer some sizeable groups of full brothers. You will see that we have sampled some new sires and their progeny are throughout the sale. All bulls are free of any known genetic defects.

We spend a lot of time researching sires in an effort to use genetics that fit our environment. We strive to keep our bulls fit and sound and not fed to excess. We appreciate bulls with the ability to maximize available forage while producing a product that will push down the scale. Our bulls have been developed on a high roughage, growing ration to keep them functional. We feed to reach our target on gain to help implement this. We believe bull longevity is as important as cow longevity.

At Pine Coulee we are strong believers in the power of the cow. We are rigid in our culling practices with utmost attention to feet, leg and udder quality. This certainly helps us in our arid, rough environment and believe it will help you too.

Our sincere belief that a serious working relationship between the seedstock and commercial producers, at the grass roots level, is an important step to ensure longevity and profitability for both parties.

The Stampfel and Carrel families look forward to a long standing relationship with your operation and appreciate the time you have taken to attend our Bull Sale.

See Catalog and Videos of Bulls at www.pinecoulee.com

HOW TO READ THE PERFORMANCE DATA INFORMATION

AVERAGE	
ADG	WDA
3.01	2.95
EPD & Dollar values taken from 2/06/2020	

BW, WW, YW, EPD's are the estimate of how the animal's future progeny are expected to perform, expressed in pounds.

Dollar W is a selection index, expressed in dollars per head to assist beef producers by adding simplicity to genetic selections.

Feedlot Value (\$F) an index value expressed in dollars per head, is the expected average difference in future progeny performance for post weaning merit compared to progeny of other sires

Grid Value (\$G) an index value expressed in dollars per head, is the expected average difference in future progeny performance for carcass grid merit compared to progeny of other sires.

Weight adjusted to 205 days of age by breed computations.

Adjusted Yearling weight to 365 days adjusted and ratioed by breed computation.

Weaning ratio in contemporary groups.

Calving Ease Direct is the difference in percentage of unassisted births when a sire is bred to first calf heifers. A higher number is desirable.

\$F	\$W
29.16	30.08
\$G	\$B
19.89	42.41

Beef Value (\$B) an index value expressed in dollars per head, is the expected average difference in future progeny performance for post weaning and carcass value compared to progeny of other sires.

Individual Performance						Interm EPD's			
CED	BW	WW	Ratio	YW	Ratio	BW	WW	YW	MILK
10	75	740	104	1260	109	+2.4	+61	+101	+25
MB:	.50	REA:	.54	FAT:	.056	\$EN:	-12.58	Actual SC	36.5
Projected Sale Day Wt:				1244	ADG:	3.27	WDA:	3.13	

Bulls we feel are safe to use on heifers will have the BW offset.

Projected Sale Day Weight is calculated by adding the ADG times 38 days to the 2/01/20 weight.

Average Daily Gain on test from 10/04/19 to 2/01/20.

Weight per day of age as of 2/01/20.

Actual circumference expressed in centimeters.

Milk EPD is the estimate of the animal's genetic merit for milk. In a bull, the Milk EPD should be expressed in pounds of daughter's progeny weaning weight attributed to milk and mothering ability.

Lot 1 is an impressive individual. Wide-based, thick, great muscle expression, and tops it off with a very good disposition. He is nicely patterned and extends smoothly through the shoulder and neck. He has definite herd sire potential. His dam, W47 (6 WR @ 111), has been a staple donor in our program, and her progeny have always been at the top of the calf crop each year. We plan on using this bull back in our program.

Lots 2-4 - Showy and eye-appealing, these Bravo-sired flush brothers to Lot 1, are an impressive group. They are consistent in their depth and power, and carry their heads well. Moving out with ease, they promise to carry and perfect their sire's best qualities and maintain longevity. W47 (6 WR @ 111) has been a staple donor in our program, and her progeny have always been at the top of the calf crop each year.

Dam's WR: 7/104 YR: 4/102

Pine Coulee Summitt G377 is a thick, well-patterned bull out of the prominent W77 donor (7 WR @ 104). He is easy-moving with a great, lasting structure, and already packs the look of a herd bull. This bull is a favorite in the picture pen, and his daughters should be standouts.

The only son of Coleman Maverick that we are offering this year, this unique bull out of the OCC Juneau donor, 066, (8 WR @ 110) has the pedigree and production to back him up. He combines his dam's beautiful design with the moderation and depth of this Coleman line.

Pine Coulee Raindance G391 extends through his neck and shoulder and moves smoothly. A high gainer, this bull is sired by the second lead-off bull in the 2017 SAV sale, and goes back to the infamous 6807 on his dam's side. His is the culmination of two great genetic lines.

Dam's WR: 5/110 YR: 4/108

Another excellent Stunner son, G368 has a thick-made, masculine look that few yearlings carry. His dam U7 (5 WR @ 110) has produced well over \$150,000 in progeny sales, making his pedigree and numbers hard to rival.

PINE COULEE PREACHER D312
Sire of Lots 41, 43, 44, 45, 120, 121, 158, 159 and 160

PINE COULEE EVER ENTENSE A40

Dam of Lot 47
Dam of high selling bull in 2019 sale
Pine Coulee Cattleman F300
Pine Coulee Citidel F319

Pine Coulee Stunner G430 is a deep, structurally correct bull with the pedigree to back him up. His maternal brother, Pine Coulee Cattleman F300, was the high seller in our 2019 bull sale. His sire has made a significant impact on the industry, and the cross of Stunner and our A40 donor (3 WR @ 109) is packed with potential—he is the kind to build a program around.

Thick from end to end. We have a nice group of Resource daughters in production now and they are nice to be around and are the moderate easy doing kind. This bull should add pounds to your calf crop while leaving a nice set of replacement heifers.

This bulls full brother was the high selling bull in our 2017 sale. 112G was the highest weaning bull in the calf crop. His Dam is a no miss, nice uddered ten year old. Look here for consistency and longevity in a performance package.

This is the second year I have used Impact. The last years daughters are standouts in our replacement heifers. This bulls mother is a deep sided, perfect uddered Right Answer daughter with loads of over all eye appeal. Lots of maternal bred in here. The daughters should be beautiful.

Eye appeal in a thick moderate package. I selected his sire out of the 2018 sale. Sires Dam is now working in the Cedar Top herd in Nebraska as a donor. This bull is nice to be around and his sire is going to get heavy use this spring.

We have had our eye on this calf since birth. A Cutting Edge son out of our X64 donor (4 WR @ 100), G600 has the length and base of his mother, and has grown into a balanced, powerful bull.

A standout since birth. We have used his sire the last two years strictly on heifers and the calves come easy and with vigor. His Right Answer mother is the no miss kind with a picture perfect udder.

Pine Coulee Deacon G310 is an easy-fleshing, fast-gaining bull out of Maymont Deacon, a sire that we have used heavily in our program. His sons are consistently growthy and correct, and this son is no exception. G310 is very long, moves well, and is extremely gentle. He gets his quiet personality from his dam, our U7 donor (5 WR @ 110). The daughters out of G310 should be exceptional.

An excellent combination of muscle and mass, this thick Resource son extends down through his hip and shoulder. He is easy-moving with a wide base, and projects the masculine, timeless look of his sire. G708 carries himself with the presence of a lasting herd bull. He caught our eye at birth and is one of the best Resource sons we have ever raised.

A powerful son of the great 316 sire that should work on heifers. He is smooth on the move with great angus breed character. His dam is a model cow and transmits excellent docility. He bears his father's size and muscle, and is an all-around solid bull. His dam, U7 (5 WR @ 110), is a key player in the foundation of our program.

This powerful, thick Stunner son embodies the completeness and balance of his sire, as well as the power of his dam, a key player in our ET program. A half-interest in X64 sold for \$25,000 as the Lot 1 cow in the 2017 Ladies Of The Beartooths sale, and her daughters are some of the best up and coming females we have. This bull has the potential to be an outstanding herd sire for someone looking for a solid maternal base.

Dam's WR: 4/107 YR: 3/105

This deep-ribbed, big topped ZWT Summit son catches your eye in the pen and on paper. G370 is very complete and balanced. He is a high gainer, and is the natural calf of dam who worked her way into the donor pen the old fashioned way. She earned it, Y3 (4 WR @ 107) Her 2nd calf, C392, has been used AI for several years to great success.

The Stampfel and Carrel Families

Ag is constantly evolving. So are we.

The businesses we finance – in farming, ranching, forestry and fishing – are ever changing. We embrace agriculture's dynamic nature and operate on the leading edge, interpreting trends, pitfalls and opportunities. When it comes to managing change, we're right there with you.

NOTES

NOTES

Sale Terms and Conditions

The auctioneer in charge will settle any disputes as to bids, and his decision on such matters shall be final.

Terms of the sale are cash. The bulls offered for sale are sold under the terms and guarantees recommended by the American Angus Association, with reference to health, freedom from defects, and from both reproductive and specific genetic unsoundness. The recommended refund or adjustments will be made in case animals fail to live up to seller's guarantees. All bulls listed in this catalog are guaranteed to be breeders if not allowed to run with the herd until at least 14 months of age, and if not subjected to gross negligence by the purchaser.

Each bull becomes the risk of the purchaser as soon as sold; but it shall be the obligation of the seller to see that animals are fed and cared for free of charge to purchaser, until loaded for shipment. Insurance will be available sale day by a bonded livestock insurance broker if you should so desire. It is recommended that insurance be obtained for bulls purchased.

HEALTH

All bulls are fertility tested and examined for total functional soundness by Rick Maage and Betsy Bialon of Sugar Factory Vet Hardin, Montana.

All bulls sell guaranteed to be eligible for shipment to any state in the Continental U.S.

At Pine Coulee Angus, herd health concepts are always being evaluated and modified as new products, situations and needs arise. The whole Pine Coulee Angus herd is routinely immunized against the following infectious diseases: BVD, IBR, PI3, BRSV viral diseases, Clostridial infection (8-way), H. somnus, Vibriosis and Leptospirosis as well as the use of the newest broad spectrum dewormers on a rotation program. Breeding age females on the ranch are official calfhood vaccinates for Brucellosis. The goal of the program is to prevent unnecessary health problems in our herd and ultimately yours.

Virgin yearling and two year old bulls have not been exposed to any females.

FREE DELIVERY

Pine Coulee Bulls will deliver, free of charge for the first 500 miles and at cost after 500 miles. If you are unable to attend the Pine Coulee Bull Sale, you may send bids to the auctioneer, representatives or to Pine Coulee Bulls directly. If you choose Pine Coulee Bulls to make your sight unseen purchase for you, we unconditionally guarantee your satisfaction at delivery time.

BOARDING

Free boarding up to May 1st, 2020.

TERMS

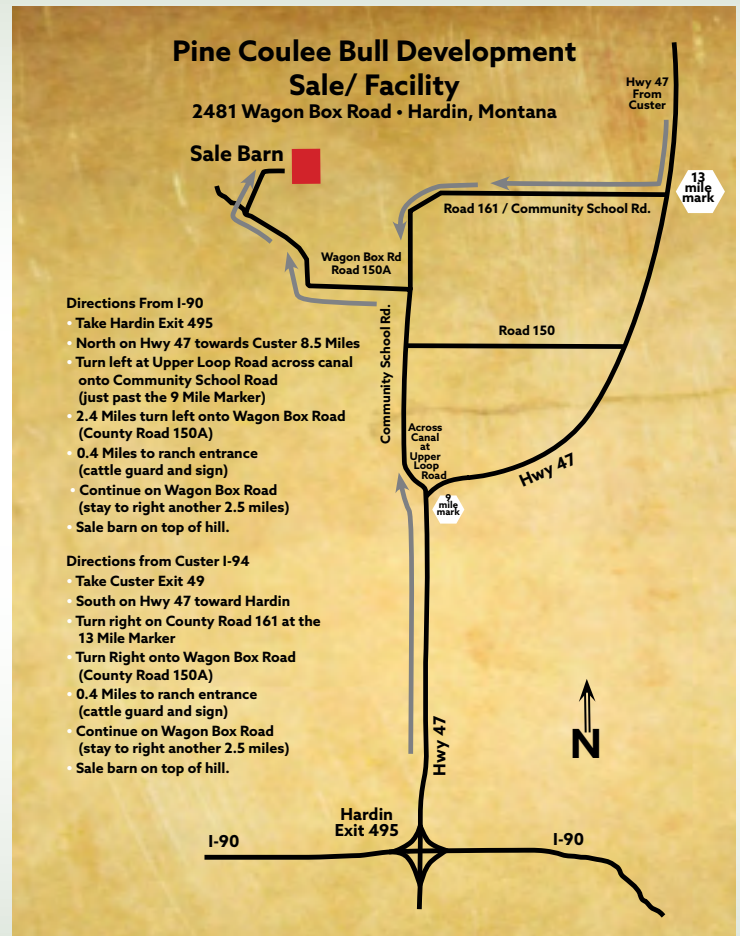

- CED** - Calving Ease Direct is the difference in percentage of unassisted births when a sire is bred to first calf heifers. A higher number is desirable.
- B.W.** - Birth Weight
- W.W.** - Adjusted 205-day weight
All weaning weights have been adjusted by or in accordance with breed association calculations and ratioed in various contemporary groups.
- Y.W.** - Adjusted 365-day weight
All yearling weights have been adjusted and ratioed in accordance with breed association calculations and ratioed in contemporary groups.
- S.C.** - Scrotal Circumference taken by licensed veterinarians, expressed in actual centimeters.
- Proj. Sale Day Weight** - Projected sale day weight is calculated adding the ADG times 39 days to the 2/01/20 weights.

All persons who attend the sale do so at their own risk. Pine Coulee Bulls assume no liability, legal or otherwise for any accidents which may occur.
