PINE COULEE ANGUS

Cattlemen,

On behalf of the Stampfel family I am happy to invite you to our first Ladies Of Pine Coulee Sale.

We have selected cows, bred heifers, and several ET heifer calves that we feel represent what we are trying to achieve with our herd. Our cows are primarily run in steep and rough country. They have to work for a living. This requires them to be easy fleshing, problem free cattle. They must be able to travel well, breed back, and raise a big calf. This is what our customers require from their bulls and the best way to achieve that is through the mother cow. The cows will have their heifer calves at side to represent them.

I would like to take this opportunity to thank Charles and Danielle Hall, as well as Will and Keisha Croft. Without their help and that of many others, this sale would not be possible.

Please contact me with any questions that you may have on the females in this sale. These cows represent Pine Coulee Angus and I will stand behind them if you have any problems.

Philip, SD 57567 • Office: 605-859-2516
www.RPIpromotions.com

It is with high enthusiasm that I welcome you to the "Ladies of the Pine Coulee" Angus Female Sale. Jim and Andrea Stampfel and family have absolutely given you a chance to own their best genetics. There is a great selection of cow/calf pairs, bred heifers and an elite group of ET heifer calves that are from proven, working Pine Coulee donor cows and highly sought after sires.

These sale genetics were not pulled together in a short time; they have been time tested and these cattle flat work! The structural correctness, do-ability, and phenotype are perhaps the mainstay of Pine Coulee Angus. The depth and thickness of their cattle are second to none, which is proven through the cow families offspring. Pine Coulee Angus has had great success selling bulls each spring as part of the Pine Coulee Bulls, LLC bull sale.

As we walked through the Pine Coulee Angus cattle and picked the offering this summer, it was without hesitation that the Stampfel family wanted to catalog their best genetics for this sale. When you study the catalog and information provided by Pine Coulee Angus, you will notice a set of middle aged cows with heifer calves at side. I invite you to study these hard as they are not only a successful working set of cows that have paved their way in Pine Coulee country, but are phenotypically a great product with years of production that will enhance cow herds across the country. The newest genetics, with the bred heifers offered, show excellent thickness and length with great top lines. In my mind these bred heifers will produce a set of powerful working cows that make a profit within the cattle industry for years to come.

I congratulate Pine Coulee Angus and the Stampfel family for their dedication to the Angus females offered and invite you to view the cattle the day before the sale at the Midland Bull Test sale facility and on sale day Wednesday, October 14th.

If you have any questions or need help with your purchases, please don't hesitate to contact us at RPI Promotions.

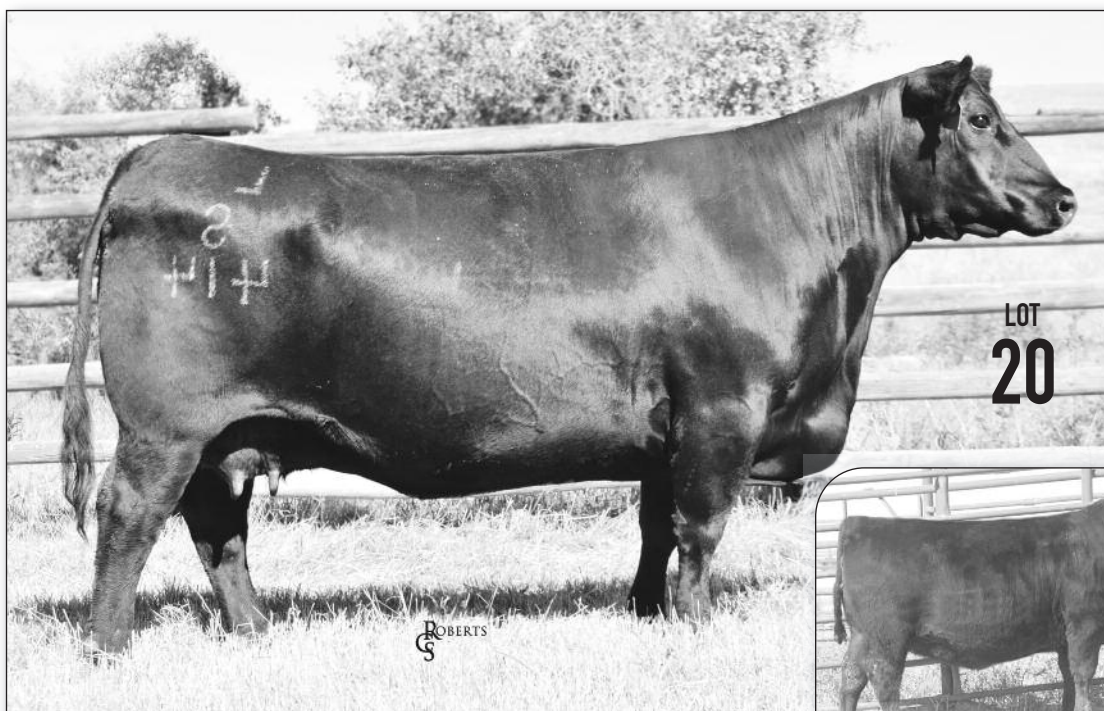

Sincerely, Don Ravellette

MATERNAL GRANDDAM TO LOT 63: INDRELAND JUANADA ANNE 5403

Sold over \$60k in progeny since 2011.

BR 5@112, WR 5@110, YR 4@102

Indreland Juanada Anne 5403 is a deep ribbed, thick hiped "6807" donor and is a full sister to the \$14,000 IA T6807 Foreman 5000 who was the lead off lot 1 donor in the Van Nice Dispersion, selling to Paws Up Angus and later sold to Hay Cow Angus in CA in the 2003 Paw Up Dispersion.

"5403" was selected by Jocko Valley as a \$10,000 featured bred heifer from Indreland Angus, Big Timber, MT, in the 2007 National Western Foundation Female Sale

Her daughters are also deep ribbed with a lot of muscle expression. 5403 still has a tremendous udder and feet at 11 years of age.
